Any non-profit group or organization that serves any part of Central Wisconsin Electric Cooperative's service area that has a specific project they need financial assistance with is encouraged to apply.

Applications are available online at www.cwecoop.com (services section) or by calling Mark Forseth at 715-445-2211 or 1-800-377-2932.

Wisconsin Home Energy Assistance Program (WHEAP)

The Wisconsin Home Energy Assistance Program (WHEAP) provides assistance for heating costs, electric costs, and energy crisis situations. Operating with federal and state funding, the program provides assistance to approximately 225,000 Wisconsin households annually.

Most types of fuel are eligible to receive assistance. Whether you use wood, propane, natural gas, electricity, or fuel oil to heat your home, energy assistance is available if you qualify.

Heating Assistance

WHEAP assistance is a one-time payment during the heating season (October 1-May 15). The funding pays a portion of the heating costs, but the payment is not intended to cover the entire cost of heating a residence. The amount of the energy assistance benefit

varies depending on a variety of factors, including the household's size, income, and energy costs. In most cases the energy assistance benefit is paid directly to the household energy supplier.

How to Apply

Your household may be eligible for Wisconsin Home Energy Assistance Program (WHEAP) services based on a number of factors. However, if the gross income for your household is less than the amount shown on the following chart, you might be eligible to receive assistance. Households must complete a Home Energy Plus application through the local WHEAP agency.

For more information on the Wisconsin Home Energy Assistance Program (WHEAP) and how to apply, please call **1-866-HEATWIS (432-8947)**, or visit the **"Where to Apply"** tab on www.homeenergyplus.wi.gov to find your local energy assistance agency.
